EXPERIENCE

Software Engineer

2021 to Present | Orbit Showtime Network (OSN)

– Media City, Dubai, U.A.E

Joined the OSN team as a professional Software Engineer, and was fortunate to work on multiple campaigns and projects. OSN is one of the leading players in online Movies/TV streaming in the gulf MENA region.

- Implemented responsive web applications, and authentication pages from concept through deployment.
- Collaborated with product team members to implement new feature developments.
- Maintaining, optimizing, troubleshooting, and improving websites.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- Followed OSN UX and UI design patterns for all projects, internal and external.

Front End Developer

2019 to 2021 | isNumeric DMCC

– JLT, Dubai, U.A.E

An Italian software house, isNumeric based in Dubai. Dealing with online sports betting projects. Joined the isNumeric team as a professional Front End Developer, and was fortunate to work on multiple local and International projects.

- Built responsive websites, web applications, and landing pages from concept through deployment.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- Collaborated with design team members to implement new UI developments.
- Assessed UX and UI designs for technical feasibility.

IT Support

2015 to 2018 | Sherwoods Real Estate

– JLT, Dubai, U.A.E

I had been hired as an IT Support/Admin but received exposure to other working fields as well such as supporting the HR and the accounts department.

- Setting up new employee's Email, Outlook and desktop workstation.
- Resolve issues related to Windows, network connectivity, as well as problems associated with software and hardware errors.
- Installing software applications, hardware peripherals and devices, update software and hardware drivers as needed, upgrade computers.
- Company website's domain and hosting subscription renewals.
